

Chapter 4251

Lord Evans said this, his heart is full of emotions.

Immediately afterward, he took off his oxygen mask, then clasped his hands,

Bowed slightly to Stefanie, and said gratefully:

“Miss Sun, you have saved my life, as the saying goes, no words of gratitude, and I,”

“Do not like to say any empty words, I can only promise you one thing,”

“Whenever you need in the future, the whole Evans Family, no one will dare to stay back!”

Once Desmond heard this, as the eldest son of the Evans Family,

He also immediately bowed toward Stefanie with a fist and said respectfully,

“Miss Sun, in the future, if you have any needs for the Evans Family, you can directly instruct me!”

Stefanie did not expect, Charlie’s two elders are bowing to her,

All of a sudden she felt a little frightened, quickly said:

“You two are Charlie’s elders, but also my elders,”

“Do not be so polite This This is what I should do”

The old lady said gratefully, “Good girl Such a miraculous elixir is a valuable treasure in anyone’s hands.....”

“For you to take it out to us so generously makes you a great benefactor to our Evans Family

Said, she could not help but sigh: “At first Lily had said that your Sun Family is affectionate and righteous,”

“I really did not expect that your Sun Family has not given up the search for Charlie for so many years

“It’s really a deep love and righteousness

Stefanie smiled faintly and said with a little shyness,

“My parents have told me since I was a child that I would grow up to marry Charlie,”

“So in my heart, he has always been my fiancé,”

“And finding him and marrying him is a belief I have held on to for twenty years.”

When Stefanie said this, the Evans Family all sighed.

The old lady’s eyes were moist and she couldn’t help but choke up and say,

“So many years have passed, and I don’t know where Charlie is now

The old lady looked at Stefanie and asked, “Good child, you are so obsessed with waiting for Charlie,”

“Don’t your parents have a problem with that?”

Stefanie spit out her tongue and said seriously, “Grandma, if I don’t wait for Charlie,”

“My parents will really have a problem with it,”

“They all think that Charlie is the only one I belong to,”

“and all these years they are convinced that they will definitely find him.”

The old lady was touched beyond words and took Stefanie's hand, saying seriously,

"Good child, whether Charlie can be found or not, you are grandma's granddaughter-in-law in my heart!"

"When your grandfather recovers a bit, we will visit your home,"

"Meet your parents, and make sure to thank them face to face,"

"For all the efforts they have made over the years to find Charlie,"

"And even more so for raising such an excellent girl!" after saying that without thinking, she took from her wrist a top-quality imperial green jade bracelet,

handed to Stefanie and seriously said:

"Good child, this bracelet is handed down from my mother's ancestors,"

"You put it on, just as a little gift from grandmother to you!"

This jadeite bracelet, in the eyes of people who do not understand jadeite,

is just a bracelet, and when you try to price it, it will just be another piece of jewelry.

But, for people who really know jadeite, it is the ceiling of the whole jadeite field.

Among jadeite, the green color is the king of jadeite varieties.

And can reach the imperial green level of material, there is none in a million,

which can be made into a bracelet, it is even very little.

Jadeite material, unlike metal, is the natural formation of the stone,

Chapter 4252

A variety of colors, the majority of the material will have a great variety of internal colors,

And the internal have cracks, miscellaneous colors, such as cotton flocculent.

Generally speaking, out of all, the emperor green color there is only one in ten thousand,

And the emperor green, want to make a piece of jewelry such as a bracelet,

It must be full of green, no cracks, no cotton, no flocculation,

The probability is simply too low to one in a billion.

Old lady's this bracelet is the real old pit glass imperial green,

And is passed down from the palace of the Qing Dynasty, inherited in order,

Its value has long exceeded hundreds of millions of dollars.

Among the jade players, that exist only in the legend, worth five billion, is exactly this one.

Although Stefanie did not know jadeite, but just by looking at the color of this bracelet,

She could guess that it was worth hundreds of millions of dollars,

So she hastily excused herself and said, "Grandma, how can I want something from you"

The old lady said seriously: "Child, you are Charlie's fiancée,"

“And this is the first time to come to the door, according to our rules,”

“The meeting gift is certainly not much!”

“This is what I, as a grandmother, give you, the future granddaughter-in-law’s meeting gift!”

Lord Evans, who was on the other side, also hurriedly said,

“A gift must be given! Desmond, you go find the documents of the Green Park estate,”

“And transfer the house to Miss Sun’s name!”

Desmond hurriedly nodded.

Lord Evans said to Stefanie: “Miss Sun, I have three houses in Green Park,”

“All the beams and pillars are made of golden silk nan wood,”

“The house was a county palace during the Qing Dynasty,”

“And was bought during the Republic of China and became private property.”

The old lady on the side said helplessly, “Lord Evans, that was forty years ago

Due to the lack of efficacy of the medicine, the blood dispersal heart-saving pill saved Lord Evans,

But his symptoms of Alzheimer’s disease did not reduce,

So his perception of time, is also basically stuck in the state of twenty years ago.

Stefanie at this time frightened waved her hands, said with fear in her mouth:

“Grandfather I can’t take such a valuable thing

“What can’t.” Lord Evans said off the cuff: “This mansion was intended to be left to Charlie,”

“Now Charlie has not been found, we found Charlie’s fiancée,”

“Then this mansion naturally belongs to you too, you take it first,”

“And when you find Charlie, you will use it as a new house!”

Saying that he rubbed his head, could not help but say:

“But Charlie is just eight years old for marriage you will have to wait for so many years,”

“In addition, you are so much older than Charlie, do not bully him after marriage

When the old lady heard this, she hurriedly said,

“Lord Evans, didn’t I tell you, it’s already twenty years later,”

“If Charlie was still alive, he would have been twenty-eight this year!”

“Ah?” Lord Evans’s entire body suddenly froze and said:

“Charlie is twenty-eight years old?”

“When did that happen, didn’t he just celebrate his eighth birthday?”

After saying that, Lord Evans’s expression was stunned and his eyes were red:

“Lily Lily It’s all my fault

“Don’t worry, I’ll risk my life to get Charlie back

The old lady saw Lord Evans look painful, in her heart felt like a knife cut,

She hurriedly said to the crowd, “He began to confuse again, let’s go out first, do not disturb him here

For the Evans Family, they had long been used to Lord Evans’s symptoms.

Knowing that his memory loss was very serious,

Chapter 4253

Everyone tried very hard at first to help him recover the memories,

But it turned out that this situation was just wishful thinking.

Lord Evans has actually lost all the memories of the last 20 years,

Even if they help him recall, it is impossible for him to recall a single thing that happened in the past 20 years.

So, at first, the Evans Family had to find a way to explain things to him every day,

Telling him the real-time in reality and what he had forgotten.

But over time, they found that this did not have any effect.

There were times when the family gathered around him to talk endlessly for a whole day before he accepted the reality.

But in a short time, he would forget all the things that everyone told him and go back to his previous state again.

So, Lord Evans’s current state is back to the one he was in 20 years ago,

Back to the time shortly after Charlie’s family came into existence.

In this situation, there was no point in continuing to explain to him,

And the old lady did not want his brain to be forced to accept a large number of things that shocked him.

At this time, Lord Evans said with a sad face, "All of you go out, let me be alone."

All the people looked at the old lady.

The old lady sighed helplessly and said to the crowd, "Let's all go out."

With the old lady's order, everyone retreated from the ICU ward.

The old lady kept holding Stefanie's hand and said with a loving face,

"Good child, it's your first time at home today, you must stay for a few days!"

Stefanie said, "Grandma, I can't stay for long this time because my concert is about to start,"

"And I have to fly back to New York overnight to prepare for the concert."

Saying that she looked at the time and said,

"Grandma, it's already late, so it's almost time for me to go back to New York."

The old lady was very reluctant to say: "You came so far, how can you rush back at night,"

"Going back at this time means you have nothing to do,"

"At least stay at home for a day and go back tomorrow morning!"

Stefanie said with an apologetic face, "I'm sorry, Grandma, I really have too many things to do,"

“I have to do the final rehearsal first thing tomorrow morning,”

“If I go back tomorrow morning, then the schedule will be delayed.”

For Stefanie, going back to Charlie as soon as possible is the most important thing for her right now.

As soon as the old lady heard her words, she immediately said,

“Then grandma will go with you! I’m relieved that your grandfather came back from the dead,”

“So I can accompany you to New York and see your concert by the way.”

Hearing this, Stefanie’s heart felt nervous.

She knew that Charlie did not want to meet with the Evans Family yet,

And Charlie also promised her that he would go to her concert to support her.

If the Evans Family also goes there, it is likely that they would recognize Charlie,

Because of his eight or nine point resemblance to his father.

So, she took the old lady’s arm and said petulantly,

“Grandma, I don’t want you to follow me from the West Coast to the East Coast in the middle of the night,”

“In fact, I have many concert tours in the United States, after I finish the East Coast,”

“The 1st stop on the West Coast is Los Angeles, at that time I will not only visit you again,”

“But will also give you VIP tickets and invite you to my concert, is that okay?”

The old lady was a little shaken for a moment.

However, once she thought that Stefanie would be leaving overnight,

She was extremely reluctant deep inside and could not help but choke up and say,

“Good child, grandma really can’t let you go,”

“You don’t know that grandma has been holding back a lot of words all these years,”

“And has not said anything to anyone, just waiting to tell Charlie face to face after finding him

Chapter 4254

The old lady gently wiped away her tears and sighed:

“But Charlie’s whereabouts are still unknown, I don’t know if I can still live until the day he returns,”

“These words, I can only share with you, in case I don’t live to see Charlie’s return in the future,”

“You can at least help grandmother relay them to him!

Stefanie immediately said with certainty: “Grandma, you must not be so pessimistic,”

“I believe it won’t take long to find Charlie when the two of us come to see you together!”

The old lady nodded, clutching Stefanie’s hand, and said very seriously:

“Good child, you can’t lie to grandma, when you come to Los Angeles next time,”

“Don’t go anywhere, fly over to see grandma first, okay?”

“Yes!” Stefanie hastily agreed and said, “Grandma, don’t worry when the time comes,”

“I will still be the same as today, landing directly on the runway in front of your house!”

The old lady felt better, pulled her and said,

“Even if you want to leave tonight, you can’t leave at this time,”

“Your uncles and aunts are meeting you for the first time,”

“So you have to take some time to sit down and have a good chat, besides,”

“These elders haven’t prepared a gift for you yet,”

“So you have to wait until you receive the gift before you leave!”

After saying that, the old lady said,

“Come on, let’s go upstairs to the living room and sit for a while!”

Stefanie hurriedly waved her hand: “Grandma I really don’t want any gifts

The old lady shook her head and said, “You just go with grandma, here, everything is at grandma’s disposal.”

Seeing this, Stefanie had no choice but to agree for the time being.

At this moment, the attending doctor quickly stepped forward and asked very respectfully,

“Miss Sun, can I take the liberty to ask you what kind of medicine you gave to the old man?”

Stefanie said, "Didn't I say that it was a blood dispersing and heart saving pill?"

"Blood dispersing and heart saving pills?!"

The attending doctor was surprised and asked, "Is it Chinese medicine?"

Stefanie, "Of course."

The attending doctor asked nervously, "Miss Sun I want to know if you still have any Blood Dispersing Heart Saving Pill in your hand,"

"If so, I have a favor to ask, that is, can you please give me a little piece of it?"

"I would like to go for a test to see what the composition of such a miraculous medicine is."

Stefanie shook her head and said, "Sorry, I only had that one blood dispersing and heart saving pill."

The attending doctor was still undeterred and pursued,

"Think carefully if there is any stock left somewhere,"

"Or if your father still has any extra Blood Scattering Heart Saving Pills in his hands,"

"If so, I would like to work with you to try to restore the Blood Scattering Heart Saving Pills!"

To this attending doctor, his outlook today had been completely overturned,

Ty the unparalleled healing effect of the Blood Scattering Heart Saver Pill.

If this medicine could be cracked and put into mass production,

He was afraid that he would win all the Nobel prizes, and he might even be immortalized in the world.

However, Stefanie did not give him any chance and said apologetically,

“There was indeed that last piece of blood dispersal and heart saving pill,”

“Perhaps even if there is still a survival in the world, but it is certainly not in my hands.”

The doctor still wanted to pursue the question,

But the old lady was a little upset and said coldly,

“Why don’t you go take good care of the old man and leave this girl alone?”

The doctor was dumbfounded by the old lady’s question and quickly said respectfully,

“Please don’t worry, I’ll go back and take good care of the master

The doctor also did not dare to continue to pester,

And hurriedly turned around and went back to the ICU ward.

Just as the old lady took Stefanie out the door, Tianshi, who had not spoken,

Also hurriedly caught up, with a face of reverence and attentiveness he said,

“Miss Sun, the poor Taoist also wants to know, that pill, where exactly it came from

Chapter 4255

In fact, Tianshi’s heart is once very torn.

He originally did not believe in this blood dispersal heart-saving pill.

He always felt that the life-sustaining pills that he held as precious were even useless,

And there must be nothing in this world that could save Lord Evans.

But he never thought that a young actress would have such a miraculous elixir.

That could bring back even a person who was almost declared dead!

The key is, originally Lord Evans was dying, this pill, not only pulled him back from the ghost gate,

And even let him instantly recover as if not injured,

This effect, completely subverted Tianshi's understanding of the word pills.

People who cultivate the Tao, although the focus is on the unity of heaven and man,

Focus on body cultivation, but in fact, they attach most importance to the way of alchemy.

During the feudal era, the Daoist priests who used mercury and vermilion sand to make an elixir,

And then gave it to the emperor to eat it causing his death were basically their predecessors.

When Tianshi first began his monasticism, he also wanted to study the ancient art of alchemy,

But nowadays there are too few surviving ancient books on Pill dictionaries,

And the only few surviving recipes which he actually tested down,

Were nothing of use, so it is difficult to make progress on this piece.

Over the years, he also tried to collect various materials, various pill recipes,

And then also tried to refine many kinds of pills, but basically did not refine any useful ones.

Repeated failures did not make him give up his pursuit of the art of alchemy,

On the contrary, as he grew older, his sense of crisis also grew stronger,

So, in order to be able to truly refine pills that would benefit his life and prolong it,

He began a long-term retreat, shutting himself up in his dojo every day to study the art of alchemy.

Until now, there has been little success.

Because of the numerous setbacks, he even once thought that in this world, there may not exist any elixir,

To bring back the dead and prolong life, everything is just the old ancestors of the Daoist family making up nonsense.

However, now that he has seen the Blood Dispersing and Heart Saving Pill,

He immediately began to look forward to the art of alchemy again.

That's why he came over here with a stiff upper lip and wanted to ask Stefanie about it.

Stefanie didn't have any prejudice against him, so she answered directly,

"This medicine was obtained by my father by chance, but exactly how he got it, he never told me."

When Tianshi heard this, he immediately said anxiously

"Then can you please Miss Sun, give me your father's contact information,"

"I really want to know, such a magical elixir, where in the end did he get it"

Stefanie did not expect this Tianshi to want to break the sand pot and ask to the end,

So she could only say, "Sorry, my father is usually busy, please try to understand."

Tianshi said in a panic:

"Never mind never mind, your father just needs to be able to spare a few minutes,"

"To talk to me about the approximate process of getting the elixir,"

"If he is really not available, I can also fly to the country to meet with him for advice
....."

At this time Desmond, who came back with the title deed document, saw Tianshi entangled with Stefanie,

His expression was a bit ugly, and he said: "Tianshi, you scoffed at this pill just now,"

"And now you come over to ask questions with a calm face, isn't this inappropriate?"

"You cultivators. Don't you all say that you are pure-hearted and have few desires?"

When Master Tianshi heard Desmond's mockery, although his face could not hang,

But in a tone very sincere and frankly said:

"Young Master Evans, I'm not going to lie, I'm really a spec sitting in the well and watching the sky,"

"Just before Miss Sun took out the pill, I naively thought that the best pill in the world..."

"Is my treasured Life-sustaining Pill, but now I realize that I was just a frog at the bottom of the well."

Speaking of this, Tianshi hurriedly added:

“It is also because I have realized where my problem lies that I really want to see the outside world,”

“So I would also like to ask Young Master Evans and Miss Sun to make it happen

Desmond saw Tianshi admit his mistakes with such a good attitude,

And the sarcastic sarcasm that was originally prepared in his heart, he swallowed it all back.

However, he did not want to continue to pester Stefanie so he looked at him and said very seriously:

“Tianshi, I just told you, in this world, it is not just a kind of blood dispensing and heart-saving elixir,”

“There is a kind named rejuvenation elixir, not only it can cure all diseases but to bring back to life,”

“And can even make a person twenty years younger, so just don’t grab the idea of this blood-saving elixir,”

“Instead of holding on to it, why don’t you go and look for this rejuvenation Pill?”

Tianshi heard these words, the whole person dumbfounded, asked:

“Young Master Evans, you really are not kidding me?”

“Is there really a magic pill in this world that can make people return to old age?”

Desmond nodded seriously and said, “I used to scoff at this kind of thing,”

“Just like you. It wasn’t until I saw it with my own eyes that I realized,”

“How miraculous this medicine really is.”

“If you are really obsessed with this pill,”

“Then you might as well go and properly search for clues to the rejuvenation Pill.”

Tianshi asked excitedly, “Young Master Evans, where did you see the rejuvenation Pill with your own eyes?”

Desmond faintly spat out two words, “China, Aurous Hill.”

“Aurous Hill?!” At once, Master Tianshi was a little impatient and bowed with both hands,

“Thank you, Young Master Evans! The poor Taoist will go back to the temple,”

“To prepare and set off for Aurous Hill as soon as possible!”

After saying that, he looked at Charlie’s grandmother and said with a face full of shame,

“Madam, this time the poor Taoist not only failed to cure Mr. Evans,”

“But also almost caused a big disaster because of stupidity, so I am really ashamed
.....”

The old lady hastened to say, “Master Tianshi, don’t say that, Lord Evans is critically ill,”

“You came out of seclusion for him, and at the same time you did not hesitate,”

“To take out the life-sustaining pill, for this, I am very grateful!”

Tianshi sighed and said with emotion: “I am ashamed Poor Tao is also considered to be cultivated for dozens of years,”

“But the mentality is still not completely correct, I feel really ashamed in front of my ancestor

After saying that, he once again bowed to the old lady and said seriously,

“Madam, since Mr. Evans is already unharmed, then the poor Taoist will leave first!”

The old lady said: “Master Tianshi need not be in such a hurry,”

“At least have dinner at home before leaving, I will have someone send you back at that time.”

“No need.” Master Tianshi shook his head and said reverently,

“I’d better hurry back and pack up, then book the earliest flight to Aurous Hill tomorrow.”

Hearing this, Stefanie couldn’t help but feel a little anxious in her heart,

She didn’t expect that Tianshi would just do what he said,

If he really goes to Aurous Hill, it might even bring trouble for Charlie.

However, she had no way to stop this old man, so she could only lament in her heart,

And planned to tell Charlie about this matter after returning to New York,

So that when he returns to Aurous Hill, must be careful of this Tianshi.

At this moment, Charlie did not know about Stefanie’s experience in Los Angeles.

Ever since Stefanie took the plane to Los Angeles, he had been worried about Grandpa’s health.

Moreover, he was also afraid that Grandpa’s condition was serious,

And Stefanie would not be able to save him in time.

So, he couldn't resist sending a message to her.

Stefanie's phone shook a little, hiding from the others she unlocked the phone,

Only to find that it was a text message from Charlie,

The content has only the following words: "How is the situation?"

Chapter 4257

Stefanie hurriedly replied quickly with her fingers tapping unnoticeably,

"Grandpa is already fine, only he suffers from Alzheimer's disease,"

"His memory seems to be somewhat degraded,"

"The blood dispersal heart-saving pill failed to cure him of this problem"

Charlie saw this paragraph, could not help but frown, and muttered:

"Alzheimer's disease? Could it be that for Great Uncle came to Aurous Hill,"

"To shoot the Rejuvenation Pill just to cure Grandpa of this disease?"

Thinking of Grandpa having Alzheimer's disease,

Charlie had a few feelings in his heart for a while.

In his impression, grandfather is a very strong person,

He has not only led a strong life but has also maintained a strong self-confidence and aura.

Let such a strong person get Alzheimer's disease, this is indeed considered inhuman torture.

Although it will not kill a person, but it will destroy a person's steel-like will.

As for why the Blood Dissipation Heart Saving Pill did not cure Grandpa's Alzheimer's disease,

Charlie did not feel surprised, after all, the efficacy of this pill is limited,

After saving Grandpa and curing his brain hemorrhage, the medicinal power must have almost soaked away.

Thinking of this, he sighed gently and replied to Stefanie:

"It's good that he's okay, when do you plan to come back?"

Stefanie replied, "Grandma still won't let me go back,"

"She said she wants to give me some kind of gift,"

"So I don't know what to do, it's not appropriate for me to receive a gift from grandparents, right?"

Charlie then said, "It's okay, you can take whatever they give you, nothing is inappropriate."

Stefanie had no choice and replied, "Okay, I'll take it for you first."

Charlie said, "Silly girl since it's a meeting gift for you,"

"Just keep it yourself, why do you need to collect it for me?"

Stefanie sent a shy expression with a text, "Grandfather gave me a mansion in Green Park estate,"

“And said it was for the two of us, let me keep it first,”

“After all, according to him, I am your fiancée!”

“When he finds you, this mansion is for us to live together.”

Charlie was helpless, shaking his head and sighing while replying,

“Okay, no matter what he said, you just take it first.”

At this time, Wesley came to Charlie’s side and respectfully said,

“Mr. Wade, the plane is almost here.”

“Good!” Charlie smiled slightly and spoke,

“The good show is finally about to begin, come with me, let’s go to the airport!”

.....

At this moment.

Ten thousand meters above the sky.

As the plane got closer and closer to the coastline,

Michaela could already see the brightly lit city diagonally in front of the plane through the window.

On the plane at night, the big city is extremely eye-catching,

That highly concentrated 10,000 lights can be seen in the night sky even from hundreds of kilometers away.

The moment she saw New York, Michaela’s heart was suddenly a little nervous,

She pointed at the lights and asked Ferdie beside her:

“Grandpa You see there Are we Are we almost in New York?”

Ferdie, who was resting his eyes closed, suddenly opened his eyes at once.

He looked in the direction of Michaela’s finger,

And his whole body could not help but tense up and said offhandedly, “How long have we been flying?”

Michaela said, “It’s been more than ten hours.”

“More than ten hours” Ferdie muttered softly and said with wide eyes,

“Then we’ve already flown over Europe long ago

Below is the sea, and in the distance is a city of this size

“It seems It really seems to be New York!”

Chapter 4258

Michaela was a little apprehensive at once.

She didn’t know, why did Charlie suddenly arrange for them to return to New York?

After all, her eldest uncle had been looking everywhere for the whereabouts of her and grandfather,

And he had also long ago let a fierce word with grandfather that he would never let him return to the United States.

Now, Charlie actually arranged for the two to return to New York, which is basically a sheep coming into the tiger’s mouth.

Ferdie with panic in his heart, can not help but lower his voice and say:

“Mr. Wade is not going to hand us over to your uncle, right

“If that’s the case, your uncle will never let us go

Michaela suppressed the tension in her heart and said seriously,

“Grandpa, I believe Mr. Wade is definitely not such a person!”

Ferdie asked rhetorically, “Then why didn’t he send us to Syria?”

“This is obviously what he arranged for us,”

“But before we got to Syria, he sent another plane to get us to New York

Michaela shook her head and said in a low voice,

“I don’t know why Mr. Wade did that either, but I believe he would never harm us.”

After saying that, she looked at Ferdie and said with certainty,

“Grandpa, we have been desperate for a long time,”

“It was Mr. Wade who saved us and has been protecting us,”

“So we must believe unconditionally in all the arrangements he has made.”

Ferdie hesitated for a moment, sighed lightly, and whispered,

“When we come back from overseas, we will definitely be arranged to land at the international terminal,”

“And after landing, we must first go through customs, your uncle must have prepared everything to deal with it,”

“As long as the two of us pass through customs, he will be able to get the news first.”

Saying that Ferdie continued, “How strong our Joules family is in New York,”

“I do not need to tell you about it, although I do not know what Mr. Wade wants to do,”

“But I really worry that he will see the wrong form

“It won’t be!” Michaela did not hesitate to say:

“With Mr. Wade’s ability, to do everything must be in his grasp, grandfather,”

“What we have to do now, is to do as instructed, if the plane really landed in New York later,”

“Miss Bank will certainly receive Mr. Wade’s next arrangements,”

“Perhaps, this is a good opportunity for us, instead.”

Ferdie with a bewildered face asked her:

“Deep into the tiger’s den And what good opportunity can it be

Michaela shook her head, “I don’t know, maybe it’s”

“if you don’t enter the tiger’s den, how can you get the tiger’s son’?”

The plane’s flight speed was fast.

Ten minutes later, the coastline was already clearly visible.

And the plane, by this time, had also started to drop in altitude.

After another ten minutes, Ferdie could already see the brightly lit Long Beach,

As well as the most iconic building in the whole of New York, the Statue of Liberty.

At this time, his heart was extremely apprehensive, but Michaela became calmer more and more.

New York is right in front of her eyes,

She suddenly has a feeling that this trip to New York is a blessing, not a curse.

She thought to herself, "Mr. Wade asked me and my grandfather to return to New York,"

"It is by no means possible that he wants to harm me or grandfather."

"After all, if Mr. Wade can even refuse a request of several hundred billion dollars to buy the rejuvenation Pill,"

"It is by no means possible that he is bribed by the eldest uncle."

"Since it's not to harm us, then Mr. Wade must have his deepest intention in doing so."

"Perhaps, he intends to use some kind of power to force Uncle to allow me and Grandpa to return to New York."

"In that case, grandpa and I wouldn't have to hide in the east."

Thinking of this, her eyebrows were stretched and her heart,

Too, could not help but surge with a few unknown leaps of joy.

Soon, the plane landed at New York's JFK Airport.

At this moment, Ferdie's heart was in his throat.

But Michaela was calmer and filled with more and more anticipation.

Before the plane stopped, Xion received a message from Charlie,

So, after the plane stopped, she stood up and said to Ferdie and Michaela,

"Mr. Wade just sent a message, telling us to go straight through customs, he is waiting for us outside at customs."

Chapter 4259

Once he heard that Charlie was outside,

Ferdie's apprehensive heart was instantly relieved.

If Charlie was there, he had nothing to worry about.

After all, he knew very well what this person was capable of.

His own eldest son, must not be Charlie's opponent.

The other side of Michaela, hearing that Charlie was waiting for them outside,

She was suddenly nervous, and anxiously thought:

"Oh, I really didn't expect that Mr. Wade had arrived in New York,"

"And I didn't expect to meet with Mr. Wade in New York. ..."

"This time they have been floating at sea, all day having this dry face,"

"And I do not know if Mr. Wade will be disappointed to see"

Xion, who knows what Michaela is thinking, seeing her expression a bit anxious,

Went forward and comforted,

"Michaela, you do not need to worry too much, since Mr. Wade is in New York, no one will do anything to you."

Michaela knew that Xion had misunderstood her,

But she didn't want to explain too much so that Xion wouldn't see the shy girl's heart deep inside.

So, she nodded gently and said seriously, "It's okay, I'm not afraid at all."

Xion smiled heartily and said, "Then let's go down!"

A group of people got off the plane and went directly to the customs clearance of the business aircraft building,

At this time Charlie was already standing at the exit waiting for them.

Michaela saw Charlie before she passed through customs,

And when she saw him smiling slightly at her, she also waved back shyly at him.

Afterward, the four of them lined up at different windows to cross the border.

Ferdie, Michaela, and Flint were all American nationals,

And Xion had also gotten an American green card before to facilitate the protection of Zynn,

So they could directly swipe their passports to enter through the self-service customs entrance, which was very efficient.

After the four people passed through customs, they came to Charlie.

Although Michaela was a little unsure of her face,

She could not hide her jubilation and said to Charlie, "Mr. Wade, what brings you to New York?"

Charlie smiled slightly and said, "I came to do some business."

At the side, Ferdie also hurriedly bowed to Charlie and said respectfully, "Mr. Wade, we meet again!"

Charlie nodded slightly and said with a smile, “Mr. Joules, how does it feel to be back in New York?”

Ferdie could not help but let out a long sigh and said,

“I’m not going to hide it from you, Mr. Wade, I’m still a little apprehensive,”

“I don’t know why you suddenly asked us to return to New York.”

Charlie laughed: “I asked you two to come back because there is a big event for you two to witness on the spot.”

Saying that he looked at the time and spoke,

“Let’s just hurry up and leave, I guess it will not take a long time for the Joules family,”

“To know that you have returned, let’s go before they receive the news.”

“Okay!” Ferdie hastily agreed because he was worried that his son would send people after him.

He knew very well that the Joules family had the ability to monitor the customs entry and exit information of the whole United States,

The moment he and his granddaughter entered the airport and finished clearing customs,

The information would be immediately fed into the immigration system, and soon his son would receive the news.

So, he hurriedly followed Charlie out of the airport’s business jet building.

At this time outside the business jet building, a helicopter was already waiting on the ground tarmac,

Charlie took the four people on the helicopter, and it immediately pulled up and flew towards Long Island.

As early as when Ferdie and Michaela cleared customs,

The Joules family's informant planted in customs had also received a warning in the system.

Chapter 4260

This person had long received Floyd's instructions to report to him as soon as Michaela and Ferdie returned from China,

So he immediately sent a text message to Floyd, which is,

"Mr. Ferdie and Michaela, have entered customs from New York JFK Airport two minutes ago!"

It was a pity that Floyd was currently lying in a hospital bed in his own medical department,

Due to acute alcohol poisoning, and was in a state of confusion.

He and his son had been poured a lot of liquor by Charlie during the day,

And were directly drunk to the point of unconsciousness.

Later, the butler brought them here, and after a brief check of the situation,

The doctor found that both of them already had symptoms of severe alcohol poisoning, and immediately began resuscitation.

Resuscitation of such alcoholic patients is very troublesome,

Not only do they have to be given gastric lavage and fluids,

But they even have to be given hemodialysis so as to quickly reduce the alcohol content in their blood.

Father and son are not young,

After such a round of tossing and turning though did not die, but have lost much life vigor.

Although Roger is a lot younger than Floyd,

So could not help but drink more than Floyd,

So for the two, the symptoms are basically the same.

Therefore, until this moment, the father and son woke up.

Although the two people have woken up but without exception,

All over the body are extremely weak, not to mention getting out of bed, even the arm can not lift up.

And now around them, in addition to Floyd's wife, there are also Roger's wife and several younger siblings.

When the old lady saw that the two finally opened their eyes,

She immediately cried and complained: "You say you two are not young, how can you be so clueless in your hearts?"

"The doctor said that if you two had come a little late, both of your lives would have been lost!"

“How can you be so careless? Don't you know that my precious grandson hasn't been found yet?”

Floyd felt dizzy, dry mouth, the whole person is as uncomfortable as possible.

Originally he was in such a situation, the his heart is not ready yet,

But hearing his wife complain, he can not help but say with a face aggrieved:

“Do you think I want to drink so much? It's that son of a b!tch named Wade who forced it!”

“Ah?!” The old lady exclaimed, “Which one is Wade?”

Roger said resentfully, “We invited Stefanie Sun to be our guest at noon, and that guy surnamed Wade came with her.”

The old lady was even more puzzled and said out of the blue,

“You drank when he told you to drink,”

“And you drank to death one by one, are you two people lacking heart?”

Floyd was getting from the old lady in front of his children a round of criticism,

The heart is extremely uncomfortable, resentful so he said:

“You think we want to drink? At that time, Wade's attitude was very clear,”

“If we didn't drink the wine, we would be killed, what could we do?”

The old lady said angrily: “How dare he!”

“Nobody dares to be so arrogant in the Joules family! Where is he?”

“Gone long ago,” Roger said with a depressed expression,

“That Wade is so strong that even Parker is no match for him, even he kidnapped Patrick, Tell us what could we do at that time ah

The old lady was shocked and asked, “What do you say? Patrick is kidnapped by him?!”

“Yes” Roger sighed: “He admitted it himself,”

“I wanted to ask Parker to take him down, but I never thought that Parker was worse than a dog in front of that Wade.”

“A few slaps of the surnamed Wade, he knelt down and begged for mercy like a dog.”

Roger’s brother David Joules could not help but say:

“No wonder that Parker has been kneeling in the restaurant, someone went to call him he did not rise,”

“I thought this guy because you two drink too much,”

“So in his heart with fear that we chastise him, he was kneeling there to repent”

“Bullsh!t!” Roger said angrily: “He’s just afraid of that Wade!”

“It seems that the person named Wade has ruined his cultivation,”

“That’s why he kneels there and doesn’t dare to move! This son of a b!tch, I’ll fcuking kill him!”

Chapter 4261

David remembered something and said, “Right, big brother,”

“Parker told me that the man surnamed Wade has given word that he will come again tonight!”

Floyd and Roger simultaneously shivered and said in terror, “What did you say?”

For the father and son of the Joules family,

Although they had only met Charlie once or twice, they were already extremely afraid of him.

This was also the fundamental reason why they did not dare to seek revenge on him.

Even after they had suffered both mental and physical humiliation and knew that he had kidnapped their grandson.

But they never thought that just because they didn't dare to go to Charlie,

It didn't mean that he won't dare to come to them.

Floyd was frightened and afraid, and said in a hurry,

“Quick! Quickly get all the bodyguards together!”

“Make sure they are armed with live ammunition!”

“If that person named Wade dares to come, shoot him to death!!!”

David didn't dare to delay and said, “Yes dad, I'll go arrange it now!”

Floyd said, “Quick! Take me to the emergency shelter first!”

For a large family like the Joules family, all kinds of safety hazards had to be considered,”

“So they had an emergency shelter built a hundred meters deep underground inside the manor.

This emergency shelter can withstand a nuclear bomb attack, and the White House emergency shelter is basically on the same level.

As long as you can hide inside the emergency shelter, and the passage is completely closed,

Even the great golden immortal can not touch the people inside.

And it is equipped with a very powerful life support system and a large number of supplies,

For a dozen people living in it for a year is not a problem.

Only, this emergency shelter, from its construction until now,

Has never really been put into use, but only as backup facility maintenance.

The Joules family also believes that as long as there is no World War 3, this place basically will not be used.

But no one expected, because of a young man, today this emergency shelter will come in handy.

The old lady was still a bit confused and said,

“Floyd, why do you have to make such a fuss?”

“Even if the kid named Wade is stronger than Parker,”

“We have so many armed bodyguards in the Joules family, can’t we stop him alone?”

Floyd said nervously, “I don’t know if so many bodyguards can stop him,”

“But I don’t dare to take any risks! You are not the one who was held down to pour a few pounds of white wine,”

“If you were me, you would also be afraid!”

Saying that he said without question,

“You all stop talking so much and take me to the emergency shelter! Immediately! Now!”

The old lady had no choice, so she said to her third son, Daniel,

“Daniel, hurry up and have someone arrange to take your father to the emergency shelter.”

Roger hurriedly said, “I want to go!”

The old lady glared at him and said with hatred, “Look at you, you’re so useless!”

“That Wade kidnapped your son and cut off his ear!”

“Instead of daring to take revenge for your son, you have become a shrinking turtle!”

Hearing this, Floyd’s expression became extremely ugly.

When his wife called his son a shrunken-headed turtle, wasn’t that the same as calling him a turtle?

At this time, Roger’s face was even more embarrassed,

And for a while, it was also a bit difficult to ride the tiger.

At this time, Floyd’s housekeeper came over in a panic,

Without knocking on the door, and rushed in directly, saying offhandedly, “Master, it’s not good!”

Chapter 4262

Floyd shivered with fear and subconsciously asked,

“What’s going on? Is the surname Wade back?”

The butler hurriedly shook his head and said,

“It’s the Grand Master and Miss Michaela who have returned!”

As soon as Floyd heard this, he was stunned and asked,

“How did they come back? When did they come back? Where is everyone?”

The butler hurriedly said, “They entered the customs at JFK about 10 minutes ago, I don’t know where they are now.”

Floyd was furious and blurted out,

“Didn’t I say that as long as they dare to come back,”

“They must tell me the first time, why did it take 10 minutes to report to me?”

The butler said helplessly: “The informant on the immigration side is in direct contact with you,”

“He sent you a message you did not reply to, that’s why he found me

Floyd exclaimed, “Where is my phone?!”

The old lady subconsciously said, “You were in first aid and your clothes had to be taken off,”

“So the phone I put away for you along with your clothes

“Idiot!” Floyd cursed angrily, “Do you know how much you delayed me for ten minutes?!”

“I arranged several killers near the airport at 24 hours standby,”

“As long as they dare to return to New York, the first time to kill them both,”

“And now it has been ten minutes! The people have long since disappeared!”

The old lady said aggrievedly, “How did I know this would happen

Floyd glared at her in anger and said angrily: “I’ll settle the score with you later!”

Saying that, he muttered, “The old man dares to come back at this time,”

“Maybe he knows we’re in trouble and wants to take advantage of this opportunity to flip the tables!”

“This old fox is really extraordinary, he’s over ninety years old,”

“And he can still find an opportunity to attack back at such a time!”

Roger hurriedly asked, “Dad, so what do we do now?”

Floyd thought about it and said to his third son, Daniel,

“Daniel, immediately release the secret flower to the public,”

“No matter who can kill them both, I will give one billion dollars!”

“Hurry up! Be quick! I want all those who dare to kill and those who dare not to kill,”

“In the whole New York to bring their guns to the streets to find their whereabouts!”

At this moment, Floyd had already thrown his deepest fear of Charlie to the clouds.

He knew very well that his father’s return at this time was definitely not a good thing,

And it was probably to regain the position of family head.

Floyd had waited for so many years before finally waiting for an opportunity to force,

Ferdie to abdicate using apparently legal means, coupled with the threat of death.

However, once Ferdie returned, he could still take back the vast majority of the Joules family's assets in name only.

The reason is, he only squeezed out his chairman position,

But the entire Joules family assets, legally speaking, the vast majority of them belong to Ferdie,

Although Ferdie lost his chairman position, but he can ask to divide the Joules family assets,

Divesting his part of the assets from the Joules Group.

Once he gets his way, 90 percent of the Joules family's assets will be under Ferdie's name.

At that time, even if he could still sit in the position of the Joules family head,

The Joules family is never going to be the current Joules family, the size shrinking at least ten times.

Therefore, Floyd immediately regarded the elimination of his father and niece as the most urgent task at hand.

The old lady asked him at this time, "So are you still going to the emergency shelter?"

"No." Floyd shook his head and said,

"Now go to the emergency shelter, in case the old man kills back,"

"I am not present, the others may just fall back!"

“At this time, I have to sit here no matter what I face!”

After saying that, he was ruthless and gritted his teeth,

“At a time like this, we must not let the old man take advantage of the opportunity,”

“To turn the tide no matter what! If he doesn’t come, we’ll find a way to take him out of hiding!”

Chapter 4263

In Floyd’s opinion, the position of the Joules family head is his lifelong pursuit,

And he has waited for so many years to finally get what he wanted,

So now he is naturally unwilling to let go of it even in death.

When Roger saw his father’s look of determination to fight to the death, he quickly said:

“Dad! How about we contact Jack Lee directly!”

“Let’s tell him the clue about Randal’s kidnapping and ask him to deal with that Wade!”

Hearing this, Floyd could not help but stifle his sigh,

“If we had told Jack Lee directly at noon and let him deal with him, we could indeed rest easy

Speaking of this, Floyd angry incomparable angry rebuke:

“But That son of a b!tch surnamed Wade, has already calculated all this!”

Roger was a bit surprised and asked, “Dad, isn’t that Wade afraid that we will call the police?”

“Even if he is powerful, he can’t possibly go against the entire American police, right?”

Floyd said decadently, “Of course, he doesn’t want to go against the police,”

“So he doesn’t want us to go to the police, because of this, he got us both drunk at noon,”

“So as to buy time for himself, dragged until now, the old man also came back,”

“How can we still call the police? If the police come, and so does the old man at the same time,”

“Can we still deal with the old man in front of the police?”

“Wouldn’t the old man enter the Joules family in a dignified manner at that time?”

When Roger heard this, he couldn’t help but exclaim,

“Dad! You mean That person surnamed Wade knew at noon that the old man was coming back?”

“Mm!” Floyd said with certainty: “I think he didn’t just know that simple,”

“It is likely that the old master has been in his hands all this time!”

“He also let the old man come back at this time!”

Roger’s heart stuttered and said offhandedly, “Then

“Then doesn’t that mean that the surname Wade has been eyeing us for a long time?!”

“Yes!” Floyd said in a stern voice: “This must be the case!”

As he was speaking, his second son, David, ran back with great strides and said,

“Dad, elder brother, the family’s bodyguards have all gathered,”

“A total of one hundred and thirty-six people, fully armed!”

“Good!” Floyd suddenly felt much more confident and said,

“Gather more than half of the men to my place,”

“And order them to kill that Wade as soon as he dares to come!”

“Okay, Dad!” David immediately nodded and said, “I’ll give the order now!”

“Don’t rush yet!” Floyd called out to him and said,

“Also, no matter who that Wade has with him later, kill them altogether,”

“Kill them all! If you kill Wade, everyone will get an equal share of one billion dollars,”

“In addition to that, for each additional person you kill, you will get an additional 100 million dollars!”

What Floyd was thinking was that it would be best if his father and niece could come with Wade tonight.

In that case, when the bodyguards see Wade, for the money,

They will definitely open fire and kill him and the people around him regardless.

In that case, his own heart’s biggest problem will be completely eliminated.

David immediately sent down orders, one hundred and thirty-six bodyguards heard of the huge reward,

Immediately they are excited beyond measure!

As expected by Floyd, the bounty of hundreds of millions of dollars immediately,

Made these bodyguards start to shake their fists,

And they all waited for the opportunity to kill as soon as it came!

At that moment, the entire Joules family suddenly went dark, all the lights went out in an instant,

And all the electrical equipment was also instantly shut down due to power failure.

The entire Joules family manor was in chaos, and Floyd was trembling with fear in the ICU,

Chapter 4264

Looking at the darkness around him, Floyd immediately asked nervously:

“What’s going on? Why did the power go out when it was fine?”

“Don’t we have multiple power sources to protect us?”

Roger also nervous, said: “Dad, our family estate has three power lines,”

“And we spent a lot of money, to find the electricity talent to do a foolproof power supply system,”

“The three lines belong to different power companies,”

“If anyone or even the two companies’ power supply has problems,”

“It should not affect our normal electricity “

Roger added: “And And grandfather also let those professionals,”

“In the manor underground to do a large-capacity backup battery and generator set,”

“So that in extreme circumstances, once the three power lines are out of order,”

“Our battery set can seamlessly switch, continue to provide us with power security,”

“While buried in the underground diesel generator set will also immediately start,”

“With our diesel reserves, even if the power outage is for a year it can fully cope,”

“Not in any sense it should be this complete power outage

Floyd said in a panic: “The situation that shouldn’t occur has appeared,”

“That means you are saying that all the backup measures have gone wrong!”

“That can’t be right!” Roger said offhandedly,

“We have a team of more than 30 engineers who are specifically responsible for the daily maintenance,”

“And upkeep of these devices, how could all of them go wrong at once?”

Floyd blurted out, “How can we ask this? It must be the man named Wade who started it! He must have done this!”

“This is also impossible” Roger said:

“You want to say he cut our power lines from the outside,”

“It is possible, but our batteries and generators and emergency shelters are built underground,”

“Without our design blueprints, they may not be able to dig three feet to find,”

“And even if they can find the location of the batteries and generators,”

“I’m afraid they can not afford to go in”

This just finished, and all the lights suddenly came back on.

Roger breathed a sigh of relief and said offhandedly,

“There’s electricity again, I guess the system was malfunctioning somehow.”

Floyd still frowned and said,

“With such a complete power supply system, how can there be such a malfunction?”

As soon as the words left his mouth, he heard someone outside suddenly shouting in panic:

“Everyone be careful, I feel like someone is intruding!”

The Joules family suddenly became nervous, and then someone else outside shouted,

“Oh no! The brothers outside have all lost contact!”

“Quick! Quickly turn on the safety and shoot if you see anyone!”

Roger said in a panic: “Did someone really sneak in? It’s not the one named Wade, is it?”

After that, he looked at Floyd and blurted out,

“Dad! That Wade is a martial arts master, in case he bypasses the others,”

“And give us a direct capture, it will be a problem!”

When Floyd heard this, his heart was equally frightened and afraid, and he hurriedly said,

“Quick! Quickly let the bodyguards in! Protect me closely!”

As he was saying that, he heard a very thick voice from outside:

“I am Weasley Drake, the commander of the Dragon Hall!”

“If you bodyguards don’t want to die, put down your guns,”

“And come out with your hands up and surrender immediately!”

“If you surrender, I guarantee on my character that I will not make things difficult for you!”

“But if any of you dare to fight against the Dragon Hall,”

“I will not only make his head fall to the ground,”

“But after today, I will also make his family’s life worse than a nightmare!”

Chapter 4265

Weasley’s shout immediately caused the entire Joules family to explode into a frenzy!

Originally, they hadn’t figured out why the Joules family manor,

Which hadn’t lost power for more than ten years, would suddenly suffer a power outage.

Only when they heard Weasley’s shouting did they understand,

That the Joules Family had been targeted by the Dragon Hall!

Moreover, what they didn’t expect was that this time,

Even the famous Dragon Hall’s Supreme Commander, Weasley Drake, had personally come.

This felt as if the Dragon Hall was going to fight the Joules family to death.

What they didn't expect was that Weasley, this time, was really not martial,

Not only wanted to deal with their bodyguards,

But even let out the word that even their families would not be spared,

Which completely disintegrated all their fighting spirit!

When Floyd heard this, he was also trembling with fear, he said in a panic:

"Dragon Hall? When did we offend the Dragon Hall?!"

Roger said with a face full of panic:

"Dad could the Dragon Hall be hired by grandpa?!"

"How is it possible!" Floyd shook his head: "First of all, not to mention that this old thing has no money,"

"Even if he has money, it is impossible to hire this Weasley, even if it is a big customer,"

"But also the rest of the Dragon Hall to accept the employment,

Weasley has long stopped personally working for others"

Roger panicked to death, asked: "According to you,"

"Is it that we have offended the Dragon Hall somewhere?"

Floyd said with a trembling voice: "I'm not sure"

Roger asked, "Dad, should we go to the emergency shelter?"

"In case Weasley brings his people in, we can't even run away!"

Floyd said with a bitter face, "What is the point of hiding in the emergency shelter?"

"If Weasley leads people to block the top, then we will become a rat in a hole?"

"Are we going to stay there until our supplies run out and we finally die of thirst and hunger?"

When Roger heard this, he fell into deep despair.

At this time, someone shouted, "Oh no! People from the Dragon Hall are coming in!"

Roger, who had recovered a little, rolled and crawled towards the window,

But fortunately, his wife and housekeeper came forward and helped him to hold him.

At this time, Roger, who stood up, also saw the situation outside from the window.

A middle-aged man in a black suit, with a group of people dressed in the same way as him,

Aggressively surrounded from all sides.

This villa building, which covered the largest area, was the center of the entire Joules family,

And the fact that Weasley could bring people here was proof that the people outside had already been subdued by his men.

The bodyguards of the Joules family are all top special forces,

But in front of the martial arts experts, they are not much different from a three-year-old child.

Therefore, these martial arts experts can silently neutralize all these bodyguards.

The reason why he did not directly touch in to put Floyd under control was entirely Charlie's personal preference.

Compared to having Weasley appear directly next to Floyd and give him a surprise,

He preferred this kind of play method of forcing the other party into a desperate situation little by little.

In other words, to make a move on Floyd directly, the process was too short and uninteresting,

So this step-by-step approach was a more delicate way to play.

At this time, the bodyguards inside the villa, are already scared and do not know what to do.

Although Weasley and others were exposed to their shooting range,

But at this time, no one dared to fight with the Dragon Hall for the sake of the Joules family.

Chapter 4266

The reason for this was the shout from Weasley just now.

Charlie had long guessed that Floyd would definitely stimulate his bodyguards to resist through heavy rewards.

Therefore, he explained in advance to Weasley that the bodyguards of the Joules family must be given fierce medicine!

In his opinion, all bodyguards sell their lives for their employers, just to make money.

And the money they earn is either for their own enjoyment or use,

Or to keep their families clothed and fed.

If they were to be deterred by their own lives,

They would probably go out of their way to give their families a huge pension.

If that were the case, it would inspire their fighting spirit instead.

Although what Dragon Hall has brought this time to New York, are the topline experts,

To pay the family's bodyguards is absolutely easy, but Charlie still hopes, that they would not fight and give up easily.

Therefore, he directly asked Weasley to pose as a serial sitter,

Just to make these bodyguards understand that even if they donate their lives for the Joules family today,

They still won't be able to give their family members a worry-free life for the rest of their lives.

On the contrary, it will also bring his family members, leading to the disaster of killing themselves.

In this way, the bodyguards naturally lost the courage to fight to the death.

Moreover, the deterrent power of the Dragon Hall naturally goes without saying,

Not to mention these bodyguards, even the Joules family, absolutely do not dare to oppose the Dragon Hall.

Therefore, at this time, the bodyguards had already given up the idea of resistance.

And at this time, Weasley gradually approached and stood just less than fifty meters,

Away from the main gate of the main villa of the Joules family manor.

He looked up at the magnificent, massive villa, the corners of his mouth wiped a cold smile and he said aloud:

“All bodyguards with guns listen up, I give you a minute, after a minute,”

“All bodyguards who do not come out to surrender will be killed!”

With that, he looked at his wristwatch and said in a cold voice, “Your time start now!”

Those bodyguards who were already in a state of confusion heard these words,

And almost without thinking, they raised their weapons with both hands,

And ran out of the villa to surrender to the Dragon Hall.

And a part of the bodyguards who had already come to the hall also left the hall quickly,

And flew downstairs to surrender without a second thought.

After all, no one wanted to be the enemy of the Dragon Hall.

When the Joules family saw that all the bodyguards had run away,

Their hearts were even more desperate, and they all looked at Floyd,

Hoping that he, the family head, could save the day.

Although Floyd had already panicked into a dog, but he also understood in his heart that,

Since Dragon Hall was coming aggressively, he could not escape even if he wanted to,

So he could force himself to pretend to be calm and said,

“You guys don’t need to panic first! In this situation, it is useless to panic!”

Roger said with a crying face: “Dad, with them downstairs, how can we stay calm ah

“Or go upstairs to take the helicopter to withdraw first!”

“Withdraw? Floyd raised his eyebrows and scolded: “I am the head of the Joules family,”

“Where do you want me to withdraw now?! If I withdraw,”

“Wouldn’t it mean handing over the Joules family to your grandfather?!”

Roger blurted out, “Dad it’s important to stay alive now!”

Floyd’s face was pale, and he didn’t know what to do for a while.

Just at this time, Weasley said in a loud voice downstairs,

“Who is the head of the Joules family? The one who is in charge comes to meet me on the first floor!”

After saying that, he stepped into the Joules family villa and sat down on the sofa in the hall on the first floor.

Floyd’s mind kept flying and opened his mouth, “If that Weasley really wanted our lives,”

“We might have been killed by him silently when the power went out just now,”

“Since he is now coming downstairs openly and asking me to go down to meet him, he must want to talk to us about the terms.”

Floyd knew very well that it was a blessing, not a curse,

But a curse that could not be avoided, right now there was no other solution,

Then to go face Weasley and try to meet his demands.

So, in his heart, he also gave up, thinking that he would spend a lot of money to buy peace,

As long as he could take care of Weasley, he was still the head of the Joules family!

Thinking of this, he said to his second and third sons by his side,

“You guys help me up, I want to go down to see Weasley!”

The Joules family had no other choice but to follow Floyd down the stairs by elevator to the first-floor lobby.

The few remaining martial arts experts of the Joules family could only silently follow behind them, not daring to move.

They knew very well that after Flint Yeager left, the strongest of them, Parker,

Had already spent the afternoon kneeling in the restaurant and under such circumstances,

How could several of them be the opponents of the Dragon Hall?

It's just that, just now Weasley only told the bodyguards with guns to go out and surrender,

Didn't say that they, the martial arts experts, should also go out,

So the only thing they can do now is to play along.

And when the Joules family arrived downstairs, they realized that only Weasley was sitting alone.

Floyd was assisted to the front of Weasley, bowed respectfully, and said with some apprehension:

“Master Drake I am Floyd, the head of the Joules family do not know...”

“I don’t know what has angered and offended Master Drake,”

“That has caused you to come to the door to give us a punishment

Weasley glanced at him and sneered, “It seems that you, the Joules family head,”

“Do not have any self-awareness, of what your Joules family has done to harm heaven and earth,”

“Do you not have a number in your own heart?”

Floyd said in a panic: “Master Drake I I really do not understand what you mean,”

“Although I am not a perfect man, but I have never done anything harmful to heaven and reason Things

He suddenly remembered something and hurriedly explained:

“By the way, Master Drake there were some minor problems with the alternation of power within our Joules family before,”

“But I personally think that those are the family affairs of our Joules family,”

“Even if there are some inappropriate places in it, but it is far from harming God, right?”

At this Weasley spoke, “Before I came here, my boss explained to me that I would give you a chance to repent yourself,”

“And if you could tell us all your sins, he would give you some leniency when he comes. So speak what’s wrong with you?”

Floyd was horrified, he did not expect that Weasley, who was the master of the Dragon Hall, had a boss.

Then who would be the boss of Weasley?

As he was thinking, the roar of a helicopter suddenly came from outside.

A heavy helicopter slowly landed on the lawn outside.

The hatch opened, and Charlie jumped out of the plane alone and stepped into the first-floor hall.

The moment he just saw Charlie, Floyd’s whole person was struck by lightning.

“Surprisingly surprisingly it’s him?!”

Floyd had never dreamed that the boss that Weasley,

The Supreme Commander of the Dragon Hall was talking about would be this guy named Wade!

The other Joules family members were also dumbfounded, especially Roger, who was so scared that his legs went weak.

He couldn’t help but recall the scene of his first meeting with Charlie.

At that time, he still thought that this man was just a jumping clown.

But unexpectedly, he was the mastermind behind all this!

Weasley just stood up from the sofa at this moment and respectfully said to Charlie, "Mr. Wade!"

Charlie nodded slightly in greeting, then looked at the shocked Floyd and said in a cold voice:

"What? Are you surprised to see me?"

Floyd hurriedly said respectfully, "Mr. Wade before it was my blind eyes and stupid me did not recognize the pearl,"

"Repeatedly offended you, but please can you see my old age, give me a chance to change" "

Chapter 4268

Charlie laughed: "Oh? Want to reform, then you know where you are wrong?"

"This" Floyd arched his hand and said: "My mistake is that I should not see the leaf blind,"

"Do not see the mountain, neglected you Mr. Wade please forgive me! I am just a little man!"

Charlie said in a cold voice: "Floyd, you have at least five sins,"

"arrogance is only one of them, the other four, do you know?"

Floyd said fearfully: "Mr. Wade under the I am a person, down-to-earth working man,"

"Because of the high position, indeed some arrogance is there, but what are the other sins....."

Charlie coldly said: "You think highly of yourself, no one is enough in your eyes, this is arrogance!"

Floyd hurriedly nodded his head like garlic and said, "Yes, yes, yes Mr. Wade, you are right!"

Charlie raised the volume a few points and said in a stern voice:

“You seek power and profit, unscrupulous, this is greed!”

Once Charlie’s words came out, Floyd’s heart suddenly thumped,

He did not expect that Charlie would mention his own power and profit-seeking,

His heart could not help but think:

“Could it be that this Charlie came to my door because I took my father’s family head’s position?!”

Just when he was panicking in his heart, Charlie continued,

“You are disloyal as a minister, below offending your superiors!”

“As a son, you forced down your biological father, this is unfilial!”

By the time Charlie said this, Floyd had already turned pale.

At this moment, he was already sure in his heart that Charlie must have come for his father,

And this is to settle accounts with him after the autumn

And at this moment, Charlie looked at him and asked coldly:

“Floyd Joules, I tell you the truth, I came to the United States this time,”

“Not for your four sins, but for your fifth sin!”

“I’ll give you one last chance, do you know what your fifth sin is?”

Floyd's heart panicked, subconsciously shook his head and said:

"Wade Mr. Wade you just said that the three sins, I admit"

"Not to hide as you say I do not dare to deny, but in addition to this matter,"

"I really have not done anything to harm the gods"

Charlie sternly scolded: "Your grandson Patrick repeatedly committed heinous crimes!"

"You as a grandfather did not even notice, did not stop him,"

"This is the ancient saying of the fault of not teaching!"

"Patrick?" Floyd's heart thumped, never dreamed that the real highlight was related to his grandson

At this moment his brain could not help but speed up, secretly thinking:

"This surnamed Wade at noon admitted to the kidnapping of Patrick,"

"So that this idiot must have angered him because of certain things,"

"To me also brought such a big disaster could not be because Patrick plotted against that Stefanie?"

Thinking of this, Floyd hurriedly said: "Mr. Wade about that grandson"

"Since childhood is indeed some naughty, maybe sometimes will do some out of the ordinary things... .."

Speaking here, Floyd sighed and continued, "After he was kidnapped,"

"We had also analyzed the reason why he was kidnapped and also guessed that it was probably,"

“Because he had evil thoughts about that Miss Sun, thus angering you, Mr. Wade

“However, you cut off his ear without mercy, I believe that he has already paid for his stupid idea,”

“And I also believe that he must have suffered a lot in the past two days under you

“So so why do you need to hold on to him because of an attempt on his part

“And not let him go if you are willing to let him back,”

“I am willing to take out ten billion dollars as compensation to Miss Sun

Hearing this, Charlie sneered and said, “I hear you,”

“What you mean in these words is nothing but that he did not do any substantial harm to Miss Sun,”

“You think he is not guilty to death, right?”

Floyd nodded: “I do feel that even if we are angry,”

“We should always give young people a chance to reform... ..”

Charlie’s expression gradually turned cold and he sternly asked:

“I ask you if I give him a chance, what about those innocent girls who were killed by your grandson?”

“Don’t they deserve someone to do them justice?!”
