

## Chapter 4289

Charlie's questioning, made Flint immediately panic,

He could not hide nervousness and said: "Mr. Wade please do not get angry ....."

"If you do not feel relieved, I will now knock out a few of his teeth ....."

"Not enough, not enough I will break his dog legs! In short, I will make you satisfied!"

Charlie waved his hand and said indifferently:

"No need, he just bumped into me at noon, I let him kneel in the restaurant until now,"

"I think he must have known his mistake."

When Parker heard this, he hurriedly knelt on the ground and said with great devotion,

"Mr. Wade, I do know that I was wrong! Please I ask you to raise your hand ....."

Charlie nodded and blandly said, "I can no longer pursue your faults."

Hearing this, Parker's whole body was immediately excited,

And he hurriedly knelt on the ground and kept kowtowing, shouting,

"Thank you, Mr. Wade, for your generosity! Thank you!"

Charlie said indifferently, "You don't need to thank me so anxiously,"

"I really won't pursue you any further, but I won't help you restore your cultivation either,"

"Because this is the price you have to pay for the mistake you made."

Parker's originally incomparably excited expression suddenly turned to miserable white.

He even pleaded with a few tears, "Mr. Wade, I have been training hard in the martial arts,"

"Since I was a child, and I have trained hard for dozens of years,"

"To achieve this insignificant achievement today,"

"If you cannot restore my cultivation, I might as well die ....."

Flint on the other side also hurriedly bowed and said,

"Mr. Wade, although Parker's character is a bit hot, but he is indeed a loyal person,"

"And it's not easy for him to cultivate for so many years,"

"I hope you can give him a chance to reform for the sake that he has not made any big mistakes."

Charlie waved his hand and said, "If it's not easy, it's not easy for everyone,"

"Do you think it's easy for Randal to live so much?"

"He was more than 20 years old and did not bite rice? Can this also be a reason to forgive him?"

Flint was speechless.

Parker's whole body almost collapsed, for him,

If his cultivation could not be restored, this life was basically equal to living in vain.

However, Flint no longer dared to plead with Charlie on his behalf,

After all, Flint himself did not have much friendship with Charlie,

And his words were insignificant in front of him.

At this time, Charlie suddenly remembered something, looked at Flint, and asked,

“There was a guy surnamed Luo earlier, he should also be from your division, right?”

Flint was instantly excited and said offhandedly,

“Is it Tony Luo’s older brother? He disappeared in Aurous Hill earlier,”

“Could he be in your hands, Mr. Wade?!”

On the side, Michaela’s expression did not change because she had guessed long ago,

That Tony must be in Charlie’s hands, the reason why,

She did not mention this matter to Charlie because she could not find a suitable opportunity to speak.

At this moment, Charlie said with a frank face,

“He is indeed in my hands if I remember correctly,”

“His strength seems to be a little bit worse than yours, but a little bit stronger than that Parker.”

Flint nodded his head with difficulty hiding his shock and spoke,

“That’s right ..... Senior Luo has broken through to a six-star martial artist,”

“Originally he was to replace me to continue serving the Joules family,”

“I wonder where he has offended Mr. Wade?”

Charlie smiled slightly: “It’s not about offending me,”

“It’s just that at that time Miss Joules was racking her brains to investigate me in Aurous Hill,”

“And I saw that the bodyguard beside her was rather obtrusive,”

“So I invited him to stay a few days at the dog farm under me.”

Flint's expression at this time was extraordinarily sad.

Although there were many disciples in his division,

There were not many masters who could really show their skills.

One is himself, one Tony, plus one Parker,

They makeup half of the division's experts, or even more than half of them.

However, this half of the mountain, in hands of Charlie lost two,

Which is a great weakening of the overall strength of the division.

Chapter 4290

Thinking of this, Flint could only harden his head and said,

"Mr. Wade, my two brothers are the mainstay of the division,"

"Please forgive them and spare them both ....."

"If Mr. Wade has any orders in the future, I will not dare not obey!"

Charlie to Flint's statement was indifferent, waved his hand, and said,

"This kind of talk is useless if you really want me to let the two of them,"

"It is not impossible, but I have to accept my conditions."

When Flint heard that there was a way out of this, he immediately said,

"Please speak, Mr. Wade! No matter what the condition is, we will try to fulfill it!"

Charlie said indifferently, "It's also simple, let them both serve in the Dragon Hall for three years,"

“And after three years, I will give them freedom!”

When Parker, who was kneeling on the ground, heard this,

He immediately said without thinking, “I do! I am willing!”

“As long as Mr. Wade can restore my cultivation,”

“I am willing to serve the Dragon Hall for three years!”

Charlie smiled and spoke, “In that case, you are given one night to clean up,”

“And tomorrow let Wesley arrange for you to go to Syria.”

Parker hurriedly asked, “Mr. Wade, then my cultivation ..... will you help me recover first,”

“Or will I recover after I have served the Dragon Hall for three years?”

Charlie couldn't help but ask rhetorically, “If you don't have cultivation,”

“What will you take to serve the Dragon Hall?”

Parker immediately understood the meaning of Charlie's words and hurriedly kowtowed,

“Thank you, Mr. Wade ..... Thank you, Mr. Wade!”

“Please rest assured, Mr. Wade, I will do my best to serve the Dragon Hall,”

“And will never fail to meet Mr. Wade's expectations!”

Charlie nodded, reached out to him with a slight wave of his hand, and spoke,

“Remember, I can restore your cultivation today, in the future if you commit another crime in my hands,”

“I can still destroy your cultivation again, next time, I won’t leave you with any chance.”

Parker said without thinking, “Mr. Wade don’t worry, I will definitely not offend again  
.....”

Speaking of this, his entire body suddenly froze, followed by looking at his hand,

And then closed his eyes to experience a moment, and said offhandedly,

“My cultivation ..... has my cultivation been restored?!”

“How is it ..... how is it suddenly restored?!”

After saying that, he looked up at Charlie and said gratefully,

“Thank you, Mr. Wade! Thank you, Mr. Wade!”

Flint was shocked to hear this, and when he took a closer look,

He really found traces of cultivation on Parker’s body again.

At this moment, his heart was already flooded with shocking waves:

“Charlie just now did not touch Parker at all,”

“He just waved his hand, and Parker’s cultivation was restored just like that?”

“What kind of strength is this that can do this kind of thing out of thin air?!”

Charlie is also too lazy to hide his strength in front of the Joules family,

As well as Flint’s brothers and sisters, so he spoke with full pressure:

“After I return to Aurous Hill, I will restore Tony’s consciousness and cultivation,”

“Let him go to Syria to report to the Dragon Hall,”

“After the expiration of three years, the Dragon Hall will let them go,”

“But if the two of them intend to escape during these three years,”

“I will definitely take their lives.”

Parker nodded repeatedly and promised, even Flint at the side also kept assuring,

“Mr. Wade doesn’t worry, the two of them will definitely do their best...”

“To serve the Dragon Hall and will never escape halfway!”

Charlie nodded slightly, then added: “One more thing, from now on,”

“Whether it is the Joules family or these martial arts experts related to the Joules family,”

“Without my order, they are never allowed to enter China without permission,”

“Otherwise, no matter who it is, I will not be polite with them!”

Charlie knew that behind Flint and the others was a martial arts domain clan.

And nowadays, except for a few martial domain families,

There are no more martial domain sects in China,

And almost all martial domain sects are overseas.

That’s why he had to remind Flint, as well as the clan behind him, to stay away from now on.

## Chapter 4291

As for the Joules family, Charlie also did not want them to get too involved in China,

After all, once such a huge family shifted its focus to China,

It would definitely trigger many chain reactions,

Which might not be a good thing for Charlie as well as the Wade family.

Moreover, he also knows very well that the girl Michaela is too smart,

So he subconsciously wants to keep a certain distance from her to avoid any unnecessary trouble.

Both Joules family and Flint, of course, agreed without hesitation,

What they are most afraid of now is Charlie's anger,

So none of them are willing to provoke his majesty.

It was just that deep inside Michaela's heart was more or less a bitter taste.

Just now, she was still thinking in her mind how to transfer her business to China in the future,

So that she could also find an opportunity to meet Charlie more often.

But unexpectedly, he seemed to have seen through her mind and directly killed her thoughts in the cradle.

At this moment, Charlie also did not want to continue to delay in the Joules family,

So he urged Floyd to immediately sign the legal documents,

Giving the chairmanship of the board of directors to Michaela.

Subsequently, Elder Joules also signed the power of attorney impatiently,

Fully authorizing all his assets to Michaela.

In this way, Michaela officially became the new head of the Joules family,

And is the head of the family and holds the two major powers of the board of directors and finance.

As long as these two powers are in her hands, no one in the Joules family can do anything to stop her.

When the dust settled, Michaela took the initiative to say to Charlie:

“Mr. Wade, \$50 billion can be paid to your account at any time,”

“May I ask when you intend to trade the Rejuvenation Pill?”

Charlie smiled, “I can do it anytime, I will give you my account in a moment,”

“You will pay the money to my account and I will give you the Rejuvenation Pill immediately.”

Michaela said without thinking, “Okay Mr. Wade, I’ll arrange the payment right now!”

Charlie remembered something and spoke, “Miss Joules wait for a moment.”

After saying that, he took out his cell phone and made a call to Wesley.

When the call was answered, Charlie said,

“Wesley, send me the receipt account number of Dragon Hall,”

“I will have Miss Joules transfer ten billion dollars to your account.”

Wesley was surprised and asked, “Mr. Wade ..... you ..... what are you doing?”

“There is no shortage of money in the account of Dragon Hall,”

“Besides how can your subordinates ask for your money .....

Charlie said seriously: “You now want to build the base, hardware and software need a lot of money to support,”

“The more money there is, this aspect is naturally the better,”

“And you have also invested a lot of manpower and material resources this time to the United States,”

“How can I let the brothers of the Dragon Hall return empty-handed?”

Wesley said: “Mr. Wade, the entire Dragon Hall is loyal to you,”

“Why do you have to be too foreign to us .....

Charlie said very seriously: “Even for a feudal society lord, warlord,”

“It is impossible for his soldiers to bring their own food and grass to fight for him,”

“Since the Dragon Hall is loyal to me, I have to give enough support in this area of funding,”

“The future of the Dragon Hall is to further expand their strength,”

“Which requires a lot of money, this money you will keep for your own development. “

Once Wesley heard this, he immediately stopped excusing himself and said very respectfully,

“Don’t worry, Mr. Wade, I will definitely raise the strength of the Dragon Hall by several levels!”

“Good.” Charlie said with satisfaction, “Tonight’s matter must be done beautifully.”

Wesley said offhandedly, “Don’t worry, I have already arranged,”

“A large number of people to set up control, I will definitely not let any of them escape!”

A few minutes later. The fifty billion dollars from the Joules family,

Were remitted to Charlie's and Dragon Hall's dollar accounts in two payments.

This amount was nothing to Charlie, but to the Dragon Hall,

10 billion dollars was an extremely abundant development fund.

Originally, the Dragon Hall in the construction planning of the base,

In order to save the budget made a lot of functional sacrifices,

But with this money, the Front base can be completely in accordance with the highest standards of building,

Perhaps not long, the Dragon Hall can become the world's largest and strongest mercenary organization.

And Charlie, who received the money, also kept his promise,

Took out a Rejuvenation pill and divided it into four portions in front of Ferdie.

Chapter 4292

Ferdie looked at the Rejuvenation Pill, the pair of eyes full of expectation,

His eyes can't wait to jump out of the sockets to embrace the elixir that they dreamed of.

And the rest of the Joules family, each and every one of them also stared with wide eyes,

They all heard about the miraculous efficacy of the Rejuvenation Pill,

And now they all want to witness with their own eyes if this pill is really that miraculous.

After Charlie divided the Rejuvenation Pills,

He put away three parts and handed the remaining one to Michaela, saying,

“Miss Joules, this quarter of the Rejuvenation Pills is now yours,”

“How to use it is completely at your personal disposal.”

Michaela said gratefully, “Thank you, Mr. Wade!”

After saying that, she turned around and looked at her grandfather Ferdie,

Without hesitation, she handed the Pill to him and said respectfully,

“Grandpa, you are the root of the Joules family, without you, there would be no Joules family nowadays,”

“So this quarter Rejuvenation Pill, you deserve it, please accept it!”

Ferdie reached out and accepted the Rejuvenation Pill, his heart excited and moved.

He was excited because he had finally received the rejuvenation elixir and his life had finally been extended.

He was touched that his granddaughter had not let him down,

Even though she was already in power, she still treated him with respect,

Giving him face, but she was also truly good to him.

Thinking of this, the loss of the Joules family head is no longer any negative impact on him.

Instead, he felt that from now on, he would completely retire to the second line,

Eating rejuvenation pills and singing songs, at least one or two decades of less painful life.

If this precious granddaughter can make further efforts and get a rejuvenation pill,

It is not a problem to live another 30 or 40 years.

As for the Joules family head, there's nothing to hold on to.

The first time he thought of this, Ferdie's mood brightened up.

This feeling of clarity, not just pushing open a window in the heart,

It is simply the heart of that room is demolished in general pain.

So, he put a quarter of the Rejuvenation Pill into his mouth without thinking,

Closed his eyes, and felt the extraordinary medicinal power of the Pill with his heart.

Although it was only a quarter of a pill, the medicinal effect was still very obvious.

He only felt as if his body was lighter all of a sudden,

And his exhausted body and sluggish spirit were greatly improved in an instant.

This allowed him to immediately recapture the feeling of being younger from a few years ago.

After hitting his age, every day he could feel that his body was not as good as before,

So getting back his youth of a few years at once made Ferdie's physique,

Spirit as well as physical strength, all recovered in a flash.

Seeing that Master Joules's complexion had visibly improved,

Each and every member of Joules's family was stunned speechless.

Especially Floyd, when he saw that a quarter of the Rejuvenation Pills had such an effect,

He couldn't help but sigh in his heart: "No wonder the old man was willing to spend more than 200 billion,"

"To buy the Rejuvenation Pills. In that case, I'm afraid he's almost the same age as me ....."

Then, he couldn't help but think in his heart,

"If the old man still has the chance to get more Rejuvenation Pills,"

"Then I'm going to die in front of him ....."

Thinking of this, Floyd's entire body was somewhat disheveled.

He knew that he had now surrendered,

And that for such a thing as the Rejuvenation Pill he would definitely have no chance to get.

And at this time, Ferdie, the whole person has been excited with tears,

He finally got the Rejuvenation Pill as he wished,

For the next few years, he no longer has to worry about death coming to him.

He was so excited that he silently wept for a long time before he opened his eyes and looked at Charlie,

Choking with gratitude: "Mr. Wade, thank you for your kindness! I will remember it for the rest of my life!"

Charlie waved his hand and pointed at Michaela,

“If you want to thank, thank your granddaughter, she gave you the Rejuvenation Pill.”

Ferdie nodded his head: “I understand!”

After saying that, he hurriedly turned around and said to Michaela, “Michaela ..... thank you .....

Michaela said: “Grandpa, what are you talking about, these are all my duty!”

Ferdie could not help but sigh: “Good child, grandfather really did not love you for nothing .....

Charlie then looked at the time and said,

“It’s late, I have to go back to Providence, you internal comb tonight, wait for tomorrow morning,”

“Then officially announced the matter to the whole community,”

“I will wait in front of the TV to see your performance!”

Chapter 4293

A few moments later, the entire Joules family, led by Ferdie and Michaela,

Walked out of the Joules family villa together and respectfully escorted Charlie out.

At this moment, a helicopter had been waiting on the lawn outside the door for a long time.

Surrounded by the Joules family, Charlie came to the helicopter and turned to Michaela, and said,

“All right, go and do your own thing.”

Michaela nodded gently and said respectfully, “Mr. Wade, have a safe trip.”

Charlie looked at her and instructed in a low voice,

“Miss Joules, I’ll ask Joseph to keep some men to help you through this period of transition,”

“You should also be alert to potential threats from within the Joules family,”

“Although dogs can bite, they are still good to use if they can be tamed.”

Michaela was incomparably grateful and said seriously,

“Thank you, Mr. Wade, I will definitely pay attention .....

Charlie nodded slightly and smiled, “In that case,”

“Then I’ll leave first, call me if you need anything.”

After saying that, he took a step and boarded the helicopter.

Immediately after that, the helicopter slowly took off amidst Michaela’s reluctance,

And the Joules family’s annotations, flying towards the northeast.

Once Charlie left, many Joules family members finally breathed a sigh of relief.

Floyd at this time also has a feeling of survival after the robbery,

The whole person instantly relaxed, as if all the pressure on his body was removed at once.

His son Roger was also the same.

At this time, they have almost left behind the death of Patrick, grateful that they still survived.

Ferdie was also infinitely emotional in his heart.

Although he did not get back the Joules family headship today,

He had harvested the most desired Rejuvenation Pill,

So the ending of the matter could be considered super successful for him.

To him, nothing is more important than the Rejuvenation Pill.

The death of Patrick was now irrelevant to him, after all, to some extent,

He had to thank Patrick if he hadn't messed with Charlie,

He wouldn't have had the chance to return to New York, let alone get Charlie's Rejuvenation Pill.

What Michaela missed most at this time was her parents,

So she immediately asked her eldest uncle Floyd, "Where are my parents and family now?"

Floyd looked tight and said: "Michaela, your parents have moved out of the Joules family,"

"If I remember correctly, they should have gone to Miami,"

"Where your father has a villa by the sea, they have gone there for a vacation ....."

Michaela frowned and said, "If my parents went on vacation,"

"I could believe it, but my brother and sister have actual positions in the group,"

"How could they go to Miami for vacation? Don't they need to work anymore?"

Floyd's heart was suddenly disturbed.

Michaela's parents and relatives had been driven out of the family the first time he seized power.

And her older brothers and sisters who had actual positions in the group,

Were all dismissed outright without exception.

And in order to prevent them from posing any threat to himself,

Floyd explicitly forbade them from participating in any public activities,

And would only give them freedom after he knew that his kingdom was secure,

And the old man had completely returned to the West.

Therefore, Michaela's family, so to speak, was forced by him to Miami under house arrest.

Now that Michaela has become the head of the Joules family,

And has the backing of Charlie and the Dragon Hall,

Floyd is worried that she will settle accounts after his fall,

So deep inside he is extremely nervous and can only say with a stiff upper lip:

"Michaela ..... truth be told ..... let your family going to Miami was my intention....."

"I was thinking that they leave New York, for I would relatively be more at ease ....."

Chapter 4294

Floyd was afraid of Michaela's anger and said with an apologetic face,

"I'm sorry Michaela ..... uncle was in a momentary confusion, you must not take this to heart....."

Michaela has long guessed his motive for doing so,

The reason why she deliberately asked him, is to point him out,

See his attitude toward admitting fault is not bad, so she said:

“Uncle, as the saying goes, the world is bustling all for profit,”

“You do these things although are very inappropriate,”

“Even very immoral, but I can understand to a certain extent.”

“Yes, yes, yes .....” Floyd said with a compensating smile on his face,

“Thank you Michaela ....., long live understanding, long live understanding .....”

Michaela blandly said, “Eldest uncle, I can leave these matters alone,”

“But you have to leave for Miami overnight,”

“Personally apologize to my parents and then pick them up one by one.”

“OK!” Floyd did not expect that Michaela would be so generous as to give him a step,

And while his heart was excited, he said almost without thinking,

“Then I will prepare and fly to Miami!”

As they were talking, a soldier of the Dragon Hall ran over and said to Michaela,

“Miss Joules, there are some police cars outside the gate,

Saying that Inspector Jack Lee wants to see Mr. Floyd.”

“Jack Lee?” Michaela frowned slightly and spoke, “Isn’t he the Chinese sleuth?”

After saying that, she turned to Floyd and asked,

“Eldest Uncle, do you have a friendship with that man? Or is he investigating Patrick’s case?”

Floyd hurriedly said, “Michaela you do not know before you came back,”

“Mr. Wade first had someone kidnap Patrick, and then cut off his two ears,”

“Openly demanded two hundred billion dollars in cryptocurrency,”

“Your elder brother went to meet with them, and they also seized the opportunity,”

“To speculate on the Internet, so that the whole world knows that Patrick was kidnapped  
.....”

“And this case happens to be this Jack is responsible for, he has not been able to find out the clues,”

“But is very impatient, has come once before,”

“I did not take care of him, do not know why he is here to find me again now.”

Michaela listened to these only words, then could not help but feel:

“It seems that Mr. Wade had a plan, he attacked behind the scenes to push the waves,”

“Just want to let things come to light after,”

“The Joules family’s reputation suffer after the exposure.....”

Floyd hurriedly said: “Michaela, this Jack is not a fuel-efficient lamp,”

“Do you think someone should have sent him away first?”

Michaela shook her head and said, “He can be sent away for a while,”

“But not for a lifetime, invite them in, I will go and meet him.”

Upon hearing this, the soldier of the Front immediately said respectfully, “Okay, Miss Joules.”

At this time, Michaela said to Ferdie as well as Floyd,

“Grandpa and Uncle, it’s hard for you to meet Inspector Li with me,”

“A for the others, just go back and rest first.”

Ferdie and Floyd naturally had no opinion,

While the others also hurriedly prepared to leave.

Floyd called his son Roger and said, “Roger, arrange the plane,”

“after I accompany Michaela to welcome Inspector Li, we will go to Miami together.”

Roger hurriedly said, “Okay dad, I’ll go arrange it.”

A few moments later, several police cars drove into the Joules family estate from the main gate.

These cars came all the way to the main villa’s door,

And under the leadership of a soldier from the Front, they walked into the parlor hall.

Once inside the hall, Jack Looked at Floyd and said offhandedly,

“Mr. Joules, there are not many hours left before the kidnappers left 48 hours,”

“Do you have any clues on your side to synchronize with me?”

The words just fell, Jack suddenly saw Ferdie sitting next to Floyd,

But the current Ferdie, then the last time he saw him, seems to be a bit younger,

So he did not recognize him at once.

Chapter 4295

But when Jack recognized Ferdie, he was dumbfounded and said:

“Mr. Joules ..... Mr. Joules? When did you ..... you come back?!”

As a high-ranking Chinese detective in New York,

Jack is naturally very familiar with Ferdie.

Moreover, he also knows the inside story of the Joules family’s previous struggle for power,

Knows that Ferdie was overpowered by his son Floyd,

And even heard that Floyd was spreading dark flowers everywhere to buy Ferdie’s head.

However, he did not expect that at this moment, Ferdie was sitting safely by Floyd’s side.

This makes him immediately confused, here in the end what has happened.

At this moment, Ferdie slightly arched his hand at Jack and spoke,

“Thanks to Inspector Li’s concern, I just came back today.”

After that, he pointed to Michaela beside him and said with a smile,

“Inspector Li, let me introduce to you,”

“This is my most beloved granddaughter Michaela, I don’t know if you two have met.”

Jack looked at Michaela and said politely, “Hello Miss Joules,”

“We have met before at several events, we just haven’t spoken.”

Michaela also said with great respect, “Inspector Li, I’ve heard a lot about you too,”

“But I just haven’t had the chance to get to know you.”

Ferdie spoke up at this time,

“Inspector Li, Michaela has now officially become the new head of the Joules family,”

“From now on, she alone will be in charge of the entire Joules family,”

“If you have any matters to discuss, just talk to her directly.”

When Jack heard this, his heart was even more shocked.

The fact that Ferdie could return to the United States safely already surprised him,

After all, in his opinion, since Floyd had succeeded in seizing power,

He had enough strength to make it impossible for his father to ever return to the United States alive.

So, it is already unbelievable that Ferdie could come back alive,

And it is even more bizarre and even a bit weird that Floyd would give the family headship to Michaela,

Which he had so easily snatched.

Imagine, who would be so stupid as to give up the power,

That has just been grabbed and not yet warmed up so easily?

So he thinks that the only possibility is that Floyd was also forced to give up the family headship.

But this makes him even more puzzled: "Master Joules has already been taken away from his power,"

"And even has to do everything outside to avoid the pursuit,"

"And how can he be able to force Floyd, who is already sitting on a high position, to abdicate?"

"Moreover, this Floyd even if his brain is kicked by a donkey into broken tofu,"

"It is impossible to make such a decision ....."

"Could it be that ..... could it be that there is some external force,"

"More powerful than Floyd helping Ferdie?!"

"Thinking about it seems to be the only possibility ....."

Thinking of this, he could not help but think of Patrick's kidnap before and after,

In his heart, he is more amazed, feels that both events are permeated with a strong conspiracy theory,

And there may even be some kind of twist that he temporarily can not see, can not touch the connection.

So, he could not help but ask Floyd: “Mr. Joules, your son Patrick was kidnapped,”

“Have you thought of any new clues?”

“Could the kidnappers not be here for the money, but for another reason?”

Floyd said awkwardly, “About this ..... honestly Inspector Li, I have no clue in my mind .....

Jack intuitively thought that Floyd must not have told him the truth,

However, in front of Ferdie and Michaela, he could not ask about the root of the problem,

So he opened his mouth and asked,

“Mr. Joules, then did you prepare the cryptocurrency for the kidnappers that they requested?”

Floyd said awkwardly, “This is ..... Inspector Li ..... now my niece Michaela is in charge...”

“Of all the big and small affairs of the Joules family, so you should ask her about this matter... ..”

Chapter 4296

Jack frowned slightly, turned his face to Michaela, and asked,

“Miss Joules, since you are the head of the Joules family,”

“How do you plan to respond to the kidnapping of Patrick?”

Michaela calculated the time, thinking that Charlie should soon have someone publish those videos first,

So she could not expose any breach in front of Jack yet.

Thus, she said to Jack with a firm face: "Detective Lee, although Patrick is a little older than me,"

"He is my nephew and the eldest son and grandson of the Joules family,"

"We will naturally do our best to bring him back,"

"So I also hope that the police can do their best to bring him back from the kidnappers... .."

Jack did not know whether Michaela's words were sincere or not,

But he could only say seriously: "We in the New York Police Department have been doing our best..."

"To search for all relevant clues, but the kidnappers are too professional,"

"We simply do not have any substantial clues in a short period of time,"

"Now we not only do not know where Mr. Joules is?"

"We don't even know what kind of power the people who kidnapped him have."

"I have speculated that the kidnappers did not kidnap Mr. Joules for the ransom money."

"In my opinion, the kidnappers' actions are more like a long-planned public execution against the Joules family."

"The public opinion was deliberately led into sympathy for Mr. Patrick,"

"So that when they expose his scandal this time,"

"They would be able to achieve the effect of first raising and then suppressing the public emotions,"

“Which would then also have a huge negative impact on the Joules family’s reputation.”

Deep inside Michaela could not help but be a little surprised,

It seemed that this Inspector Lee had already figured out the cause and effect of the matter,

Only that for the time being he had not yet grasped the specific clues of it.

However, she could only pretend to be confused and said,

“Inspector Lee, to be honest, I don’t quite understand what you mean,”

“Patrick is very young and just stepped into society not long ago, what kind of scandal can he have?”

Jack shook his head, “I’m not sure about this,”

“But I can be sure that since these kidnappers kidnapped him and cut off his ears,”

“And made it known to the world, then I’m also sure that a scandal must have happened to him.”

Saying that, he looked at Floyd and said seriously, “Mr. Joules, the same thing,”

“I have told you once before, I feel as if you know something,”

“But for some reason, you did not tell me, but I have to remind you,”

“The time left by the kidnappers is now less and less,”

“If they really publicized the huge scandal of Patrick,”

“Then not only the reputation of the Joules family is ruined, but the police will also face a dilemma!”

“It is likely that by that time, the public will no longer support us to rescue Patrick,”

“If we continue, we may lose the hearts and minds of the people,”

“If we do not continue, we will lose our dignity as police officers .....

Floyd embarrassed beyond words, “Inspector Lee ..... I ..... I really do not know!”

“That grandson of mine, all aspects ..... are .....

Speaking of this, Floyd at once felt a little difficult to speak.

He originally wanted to say that that grandson of his was excellent...

In all aspects and would definitely not have any scandals.

However, in his mind, he could not help but recall those videos,

Patrick’s inhumane brutal acts, which made him not even have the courage to continue lying.

He felt that if he were to say in front of others at this time...

That Patrick was excellent in all aspects, those girls who died in vain at his hands...

Would definitely turn into life-threatening evil spirits to seek revenge on his old body.

Seeing him become stumbling all of a sudden, Jack couldn’t help but ask:

“Mr. Joules, what do you want to say?”

Floyd dodged his eyes and said stiffly:

“I ..... want to say ..... Patrick, this child, is really quite .....

Excellent two words at this time have reached the mouth of Floyd,

But even if he is dead he just can not say these two words out.

At this time, a police officer hurriedly ran in, panicked to the core as he blurted out:

“Inspector ..... something big happened .....

Chapter 4297

The policeman’s words made everyone, including Jack , unconsciously tighten their hearts.

Jack couldn’t help but urge: “What’s the big deal, hurry up and tell me clearly!”

The police officer said with a frightened expression,

“It’s a video! Someone has exposed a large number of videos on the Internet,”

“The content of those videos ..... is really tragic ..... the network has completely exploded!”

Jack questioned offhand: “The content of the video is about what in the end!?”

The police swallow, dry mouth said: “All related to Patrick Joules .....

“All the content of his abuse of various girls ..... although the victims’ faces were blurred,”

“But still through the other identity characteristics, determine the victims at least 20 people .....

“What?!” Jack ’s jaw dropped as he listened.

Patrick had been exposed to a huge scandal, which he had already been mentally prepared for,

But he really didn’t expect that the scandal would be so big!

At this time, his men handed a cell phone to him and spoke,

“Inspector Lee, take a look for yourself .....

Jack took the phone, and casually clicked on one of them, just a few seconds to look at it,

His face immediately turned iron blue, muttered:

“This is really an unprecedented shocking case .....

He immediately asked, “Did you investigate who the publisher actually is?”

“Checked.” The policeman replied, “We had someone check their IP address and found .....

Seeing the policeman stammering, Jack immediately shouted angrily: “Hurry up and speak!”

The policeman could only say stiffly, “Back to Inspector Lee, the IP address we found is here.”

Jack frowned and asked, “What do you mean? The other party is in New York?”

“No.....” The policeman shook his head, reached out, and pulled Jack aside,

And lowered his voice, “Detective Li, the other party is in the Joules family!”

“How is it possible .....

“These videos must have been sent by the kidnappers, these kidnappers are extremely shrewd,”

“All the clues are extremely well disguised,”

“How could they deliberately Leave such a big loophole .....

He did not know that at this time, all the bodyguards of the Joules family,

Have been replaced with the soldiers of the Hall of Dragon Hall,

And the soldiers of the Dragon Hall, under the command of Charlie, did not bother to use any hacking methods,

And directly finished uploading and publishing the videos in the Joules family, using the network of the Joules family.

And the policeman also nodded and agreed:

“I also think that they deliberately used technical means to change their IP address to the Joules family.”

Jack couldn't help but say with some annoyance,

“What era is it now, there are still people who want to take matters into their hands and engage in some kind of substitution,

Since they have the evidence, why don't they just submit it to the police?!”

The police officer said incomparably embarrassed:

“Chief ....., we both know, frankly speaking, do you really believe in justice for all?”

“The video of Patrick's actions handed over to the police,”

“He will certainly not die, this kind of person, not dead. How do you get the civilian's anger?”

Jack was speechless.

He just felt that the mystery man had done all this behind the scenes,

Causing him to suffer a great blow to his face.

But when he calmed down and analyzed the matter, he also felt that for the s gum of the earth like Patrick,

He should just use the most primitive means to exterminate him completely,

Otherwise, with his financial power, he could live like a land emperor in prison.

However, the thought of such a big case popping up under his hands before he retired,

Chapter 4298

He felt very frustrated as a whole. At this time, his subordinate was also somewhat disillusioned and said:

“Chief, I really do not understand, they have killed so many people,”

“Why have we not received any recent clues about the disappearance of young girls?”

“It seems that recently there are no reports of missing young women in New York at all  
.....”

Jack said in a cold voice: “They would not be so stupid as to look for prey from New York,”

“As I see it, most of these girls they killed should have been sent here secretly from the West Coast,”

“Or even after being kidnapped from abroad.”

Speaking of which, Jack suddenly remembered something and said,

“I see! The reason they were able to go undetected for so long,”

“And so many times without being detected is because they never started from their side,”

“But this time, Patrick made a fatal mistake .....

The handlers hurriedly asked, “Chief, what is the fatal mistake?”

Jack blurted out, “It’s Stefanie Sun!”

“Stefanie Sun?!” The underling exclaimed: “That big star?!” “That’s right!” Jack nodded and said,

“I’ve always felt that the kidnapping of Patrick smelled wrong from the beginning to the end,”

“And now it seems that it must be because he set his eyes on Stefanie that he got himself killed!”

The subordinate can’t help but ask: “Chief, then you mean ..... this matter is Stefanie’s sides doing?”

Jack frowned slightly and spoke, “The night Patrick disappeared,”

“I met Stefanie at the Wangfu Hotel, I feel that she is a young girl, not like someone who has such ability .....

Saying that Jack added: “That Stefanie, although the family conditions are also very good,”

“But compared with the Joules family, a little bit worse .....

The next nodded gently and said, “In that case, it should have nothing to do with her,”

“She is after all a newcomer, even if she has some strength in China,”

“When she arrives in New York, she will not be able to show anything,”

“In front of the Joules family, she is certainly not enough to look at.”

Jack nodded slightly, but his mind unconsciously recalled when he met Stefanie,

Those people around her, among them, was a young man who dared to call on Adam Joules and impressed him.

He wondered in his heart: “What is the identity of that young man,”

“If he knows the identity of Adam, why does he dare to be so rude to him?”

“Could this matter have something to do with him?”

But think carefully and it feels not quite right:

“But a young man, even if the courage is extraordinary, he may not have such a strong strength,”

“To kidnap Patrick under the nose of the Joules family, but also to plan everything without leakage,”

“This is never only the courage is enough .....

and the Joules family head and Miss suddenly returned unharmed,”

“Not only was not killed by Floyd’s men but that Michaela,”

“She suddenly became the new head of the family, this thing is also very strange .....

Jack suddenly felt that his brain was a bit inadequate.

He knew that these things are very abnormal, and when things are abnormal,

There must be a demon, he just has not caught this demon out.

And, for a while, he couldn’t catch any useful clues.

So, he turned around and looked angrily at Floyd, frowned, and questioned,

“Floyd, such a big thing happened to the Joules family,”

“I see your expression does not seem to be surprising, you tell me these things, have you already known?!”

Floyd came back to his senses and hurriedly waved his hands and said,

“Inspector Lee ..... I simply do not understand what you are talking about .....

“My grandson he ..... he is not such a person ah .....

Jack stared dead at Floyd and said in a cold voice:

“OK! Things are still acting now! Such a bad case in the United States has not happened for decades,”

“Once the case is confirmed, your family’s reputation will be in ruins,”

“At that time, you will cry without tears!”

Michaela came forward at this time and said seriously,

“Inspector Lee, if these crimes were, indeed, committed by the Joules family,”

“Then the Joules family is also ready to take responsibility for them!”

Chapter 4299

Jack nodded and said in a cold voice, “I hope you can bear the burden!”

After saying that, he immediately said to the police officers around him,

“Immediately close the team! Call all officers to return to the station for a meeting immediately!”

At this point in time, Jack no longer cared about the kidnapping of Patrick.

After the big scandal broke out, in addition to triggering the American public’s anger at the Joules family,

It will also trigger the American public’s disappointment in the entire country’s law enforcement system.

After all, so many innocent girls died unnaturally,

The police did not solve the case, and finally brought this matter to light,

But was previously hated by all the kidnappers.

This is good, the kidnapper instantly became heroes for whom the world is clapping and praising,

While the original was incomparably sympathetic to Patrick,

All of a sudden this man became the world’s most spiteful object of abuse.

In addition to the Joules family, there is also the New York Police Department,

Which has seen its reputation plummet.

Therefore, Jack must study the current situation with his superiors and colleagues,  
And find a way to make the NYPD's face slightly regained.

On the way back to the police station by car, Jack was distracted,

Thinking of so many clues which were always unclear,

So he planned to give a call to his old friend Desmond.

For Jack, Desmond is not only his good brother for many years but also a mentor and friend.

His own temper is hot, Desmond is relatively mild,

So the two not only chat but get along, the key is also in the thinking of mutual development.

The two of them had speculated in the chat that someone was going to publicly execute the Joules family,

And now it came true, so Jack also wanted to talk to him about the sudden change...

All in front of him to see if he had any different thoughts.

However, he felt that the time was already so late that it was a bit risky to call,

Not to mention that he didn't know if the An family's old man had come through,

So it was not really appropriate to call at this time, so he put the phone down.

But he did not know that at this time, the An family has surrounded Stefanie and chatting fervently.

The old lady held Stefanie's hand and never let go of it all night,

Charlie's aunt, as well as several other aunts and uncles,

Also surrounded Stefanie, how to see what she likes.

Stefanie herself is a bit flattered, surrounded by so many people to ask for warmth not to say,

Confused, but she has received a large pile of gifts, and each is worth a lot of money.

She also knows very well that the An family attaches so much importance to her,

On the one hand, because she gave the rescue pill to save the old man's life,

And on the other hand, it is because she is Charlie's fiancée,

The An family misses Charlie very much, so they also love her very warmly and with full sincerity.

This also makes her heart extra happy, in her opinion,

The An family is her solid backing in the future, the three-year agreement,

If Charlie dares to renege, afraid that the An family will not agree.

However, seeing that the time has reached the latter part of the night,

Stefanie is also a bit worried about the old lady's health,

Plus she has to make final preparations for the performance tomorrow morning,

So she really can't continue to spend so much time, so she said:

"Grandma ..... time is really late, you must be very tired,"

“and it’s too late for me to continue to disturb you .....

The old lady said: “Nothing, nothing, grandma is not tired at all, I have so many years,”

“The biggest problem is that I can not find my grandson,”

“Afraid that in this life I will not have the opportunity to see him again,”

“But today you can come over, my heart disease is half gone, I am beyond happy today  
..... “

Stefanie nodded, and said seriously: “Grandma you do not worry,”

“I will have time to come over to see you and grandpa!”

## Chapter 4300

As Stefanie spoke, she was a little embarrassed to continue,

“Grandma, today is really not early, I have to do the final rehearsal for the show early tomorrow morning,”

“Almost now I have to fly back to New York, sleep on the way, it will be almost dawn when I arrive.”

Only then did the old lady understand that Stefanie had her own business to attend to,

So she hurriedly said, “Oh, it’s Grandma’s negligence, I didn’t think you had something  
..... to do.”

After that, she hurriedly said to her eldest son, Desmond,

“Desmond, go and arrange the plane, I will accompany my granddaughter to New York,”

.

“And when my daughter’s concert comes, we will be there to support her.”

Desmond nodded and said, “Then I’ll go make arrangements.”

When Stefanie heard this, her heart immediately burned with anxiety.

She didn’t dare to let the old lady and Charlie’s aunt go to her concert together,

After all, Charlie and his wife had already booked to come over to support her,

And if the old lady and the girls also went, they would definitely recognize Charlie when they saw him.

Although Stefanie hopes that Charlie can let go of his heart and identify with his grandmother’s family,

She also respects Charlie’s choice, since he is not ready yet,

She should not accelerate this matter for him at all.

Otherwise, he would definitely feel uncomfortable.

So she hurriedly spoke, “Grandma, you shouldn’t be so fussy,”

“As I told you before, my concert isn’t just only in New York,”

“In a few days it will be the Los Angeles side of the tour, you can support me directly at home then.”

As she said, she gave a slight beating and continued,

“Besides, although Grandpa’s body has recovered, but other symptoms are not relieved,”

“It is better for you to stay by his side and take care of him at critical times.”

Charlie’s aunt also said. : “Yeah Mom, Dad’s memory hasn’t recovered.”

“You’d better stay with him. There are many concerts in North America.”

“We can join her when she comes to Los Angeles. Everyone will make arrangements in advance.”

“It’s a good time, we can go together if Dad is in better condition,”

“Even if he can go to the scene together, why do you have to go to New York at night?”

The old lady hesitated for a moment and sighed slightly.

Her heart has been convinced by her daughter, but still can not help but take Stefanie’s hand,

With a bit of choking she said: “Stefanie ..... grandmother really can not let you go .....

“You can suddenly appear today, grandmother’s heart is really happy,”

“I really want to keep you around for more days, otherwise you will leave so soon,”

“Your grandmother still feels that all this is like a dream .....

Stefanie said: “Grandma, don’t worry, after all, I’m busy with this farewell concert,”

“I’ll quit completely, then there will be plenty of time to accompany you!”

As she said, she hurriedly added: “Maybe we can find Charlie soon,”

“At that time, we both came to Los Angeles to accompany you!”

When the old lady heard this, tears instantly came out of her eyes again,

She held Stefanie’s hand and said solemnly, “Good, good! Grandma believes that we will get Charlie back!”

“I’m still waiting to see you two get married and to hold my grandson!”

“When the time comes, you and your family will settle in Los Angeles and spend time with Grandma .....

Stefanie nodded solemnly and said seriously,

“Grandma, don’t worry, we will all be with you when the time comes!”

The old lady nodded with relief, reached out and wiped her tears, and said,

“Good child, since you still have things to do tomorrow,”

“Grandma will not delay you, but you saved your grandfather’s life,”

“We did not have time to thank you properly, my heart is really sorry,”

“And you are my future grandson-in-law’s wife, so far over, did not stay at home for one night! .....

Stefanie busily said: “Grandma, you have said, I am your future granddaughter-in-law,”

“Then you don’t have to be so polite with me ....., tonight really the situation does not allow,”

“But you do not worry, I will certainly come to see you often,”

“Then every day here in the family to have food and drink, you drive me I do not leave!”

“Good!” The old lady said with great relief, “With your words, grandma is relieved!”

After saying that, she stood up and said, “Come, grandma will take you to the plane!”
